- 21st**- National Numeracy Day- more details to follow
- WB 26th**- Half Term Week

June

- 24th**- Sports Day (KS1- am, KS2- pm)

July

- 2nd**- Transition Day to new classes

GROWING BEYOND SCHOOL

A big well done to Lilly, who did brilliantly in her gymnastics competition last Saturday. She achieved 2 second place medals, 1 fourth place medal and and 1 fifth place medal. It looks like you've worked really hard, Lilly! ★★★★★

Aryanna took part in another dance competition last Sunday. She came 2nd in her acro solo, 1st in her acro duet and first in two of her troupe dances and she has qualified for the nationals for all. Wow, Aryanna! Such great achievements. We can't wait to hear about how you get on at the nationals! Keep us updated!

Macie has successfully completed her gymnastics assessment for vault and rebound, earning a well-deserved silver medal and certificate. We are incredibly proud of you, great job Macie.

NEWS FROM THE FOREST

This week in the forest, we have been thinking about our own homes and how people in other countries live. We made different dens, turning them into homes thinking about how we can make them weatherproof and accessible to all. We have also been thinking about the people who live in the houses. Children have considered what profession they would like to do when they are older. The children made restaurants, stages and army bases.

Year six built a little village around their tent that they had erected the other week. Year 1 made bug and squirrel hotels.

EYFS had a great time tree climbing, and some children were brave enough to tackle the zip wire. The children showed confidence, skill and safety in risky play as they tackled the climb. Lots of smiley, confident children went back into school after a great forest school session!

PRESCHOOL NEWS

Caterpillars Class

This week, we have continued our exploration of life cycles and have been exploring the life cycle of a chicken. Edward from Caterpillar Class shared some lovely photos with us of the chickens he has at his house! He shared with us how the life cycle works, what his chickens eat and how to care for them! Thank you for your amazing insight Edward and thank you to Edward's mummy for sharing some great pictures with us!

We created our own chicken life cycles and crafted our own chickens using different materials.

We have enjoyed the sunshine this week whilst playing duck duck goose, enhancing our ball skills and working together to stack the large blocks.

PRESCHOOL NEWS

Butterflies Class

This week in butterflies we have been learning all about Spring. Throughout the week, the children have taken part in group discussions on the seasonal changes which take place and the baby animals which are born. The children have used various types of pasta to represent the life cycle of a butterfly, and they have taken part in observational painting whilst creating pictures of some lovely spring flowers. The children have continued last week's interest of Science by taking part in a colour changing daffodil experiment, and they have explored growth whilst setting cress seeds. The butterflies have been busy whilst using a range of materials to create birds nests, and they have used their imaginations whilst playing in our seasonal themed vets. The children were also lucky enough to conclude the week with a lovely visit from one of our Preschool parents who is a veterinary nurse and came to speak to the children about her job role.

TRI GOLF CHAMPIONS!

On Tuesday 18th March some of our year 5/6 students attended the Lincolnshire Tri Golf tournament. They completed a series of challenges in the morning and match play in the afternoon, competing against 13 other schools. At the end of the day, they came away Lincolnshire schools Tri Golf champions for the 3rd year in a row! They played some excellent golf and improved from start to finish. Well done to all 🏆

ALLOWANCES
CALCULATOR
TO SEE WHAT
YOU COULD
EARN AS A
FOSTER CARER.**

Foster
with
PETERBOROUGH

PETERBOROUGH
CITY COUNCIL

Find out what financial support is available to you with our quick and easy allowances calculator! 🌟

What you need to do:

- ✓ Select your experience level
- ✓ Choose the age range of the children you may care for
- ✓ Indicate the number of children you'd like to foster

Fostering is as much of a part-time or full-time career as it is a rewarding life choice. When you become an approved foster carer and have a child placed in your care, you will be given an allowance for each child placed with you, as well as additional allowances for the care you are providing.

Try the calculator here → <https://fosterwithpeterborough.org.uk/benefit/financial-calculator/>
